Intelligent Thermal Management

RE: Eleventh Package – EU Sanctions:

C20240103EUEP

https://ec.europa.eu/commission/presscorner/detail/en/ip_23_3429

Under the European Union's 11th package of sanctions on the 23rd of June 2023, relating to the embargo regulations for material entering the European Union, this statement is confirmation that European Thermodynamics Limited meets these regulations and is compliant.

European Thermodynamics Limited is constantly assessing its supply chain to avoid the import and export of raw materials and components cited in the Council Regulation (EU) No. 833/2014, Annex XVII.

European Thermodynamics Limited can provide evidence in the form of country of origin (COO) declaration of the primary goods of iron, steel and other cited materials and components to the customs authorities at the time of importation according to the attached FAQ on the implementation of Council Regulation (EU) No. 833/2014 and Council Regulation (EU) No. 269/2014, which the EU Commission issues on 23rd June 2023: [Frequently asked questions - Sanctions against Russia \(europa.eu\)](#).
[Schedule 3B of the Russia Sanctions Regulations](#)
[HMRC guidance](#)

Disclaimer: All information in this statement is given to the best of our present knowledge and belief. European Thermodynamics Limited endeavors to keep pace with the latest EU regulation amendments. The information does not imply giving a warranty within the meaning of the warranty law.

Yours Sincerely,

Mark (JONES) / Technical – Commercial Manager
